

9 October 1964

NOTE FOR: (1) A/DDP
(2) DD/S

1. Recommend approval.

2. AF Division has advised that this claim for reimbursement for charges paid in connection with a lost liquor shipment is being submitted because:

a. The liquor was ordered, in part at least, for official purposes. (Standard practice at the Station is for officers to procure privately their liquor and then to be reimbursed as it is used for official purposes. No stocks of official liquor are maintained at the Station).

b. The only reason any payments were made by the individuals concerned was because, by the semi-official nature of the order, the good name of the [REDACTED] was involved.

c. Other available sources of reimbursement (i.e., the insurance company and the [REDACTED]) have declined to pay.
